## Management of your Personal Health Information

Your medical record is a confidential document. It is the policy of this practice to maintain security of personal health information at all times and to ensure that this information is only available to authorised members of staff.

## Record System

Patient records including pathology, x-ray reports and correspondence are kept electronically on our computer network system. Paper correspondence is electronically recorded by scanners. All prescriptions, referrals and

correspondence are computer-generated. Our comprehensive modern IT system is supported by professional Medical IT consultants. Confidentiality is protected by the latest software firewalls and our entire system is backed-up every 24 hour.

## Recall and Reminder Systems

Our practice is committed to preventive care. We may issue you with a reminder notice from time to time offering you a preventive health service appropriate to your care. If you do not wish to be part of this system please let us know at reception.

## Process for test Results and follow-up

Results are not given over the phone to protect patient confidentiality. If you wish to discuss your test results, you will need to make a follow up appointment with your Doctor. If you have abnormal test result or the Doctor would like to discuss any concerns, our Nurse will contact you to make an appointment or you may be sent a secure text message or letter to make an appointment

## Process for transfer of Referral Letters

Referrals to the specialists are sent via our fax machine & patients are to make an appointment at their own convenience. Some referrals may be sent through email and via Medical Objects electronically.

## Availability of Doctors by telephone

Doctors can take phone calls when time permits. If busy, or involved with another patient, they may request to call you back. Our Nurses can help determine the urgency and if urgent it will be put thru to the doctors. Most problems are best dealt with in a consultation.

## Home Visits

Some doctors in this center may be available for house calls and external visits with prior arrangements. If you are a regular patient and are unable to visit the practice due to

the nature of your illness please speak to the receptionists or call the center to arrange for a home visit with your doctor.

## Transfer of Medical Records

If you require a copy of your records to be sent to another practice, we provide a health summary for free. If you require your complete record there may be a charge of up to \$40. This is for the time spent preparing your records. All record requests will need to be made in writing, usually requested from your new Medical Centre with your signed consent.

## Accredited Practice

We are an accredited practice, which ensures quality in our General Practice. Accreditation standards are developed by the Royal Australian College of General Practitioners and Government representatives to ensure strict measures are maintained to provide our staff, patients and visitors a safe environment with ongoing commitment to Quality Patient Care.
